Tips for Entertaining

Consider the duration of the event, time of day, and the “goals” of your menu. Some “rules of thumb” include:

- Consider you number of menu selections with each course (more selections = less quantity per selection (i.e. If you select four side dishes you will need less of each than if you select two)
- Always round up to your estimated quantity

Some basic calculations include:

Hors d'oeuvres:

4-6 per person with dinner to follow
6-8 per person for cocktail party only

Main Course and Sides (oz per person)

Protein - 6 oz without bones, 8-10 oz with bones

Starch (potato, rice grain) - 3-4 oz

Pasta - 2-3 oz as side, 5- 7 oz as main course

Vegetable - 2-4 oz
